**Use: Aromatherapy/Natural Perfumery/Incense.** Rich and complex, sweet, warm, deep, precious and noble woody aroma, shades of smoky, amber-y incense and honeyed tobacco, and animalic notes of musk/castoreum - in a word, amazing!

**Use: Natural Perfumery.** Prussic acid has been removed, making this oil non-toxic for use in perfumery. Delightful aroma of nutty-sweet almonds and cherry fruit. NOT FOR HUMAN CONSUMPTION.

**Use: Natural Perfumery.** A rare oil extracted from fossilized tree resin. The aroma is deep, smoky, leathery, with a woody-dry note. Viscous and dark, it makes an excellent fixative.

**Use: Natural Perfumery.** Amber Oil, Fossilized diluted to 5% in organic Sunflower Oil, affordable and easy-to-use.

**Use: Aromatherapy/Natural Perfumery.** Also known as Musk Ambrette. Used in natural perfumery for its rich animalic musk notes and nutty/seed-like/leather undertones. Sensual, aphrodisiac-like, and very fine!

**Use: Aromatherapy/Natural Perfumery.** Soft woody, oily-sweet balsamic aroma with a light Pepper/Ginger-like high note and a Vanilla-like sweetness in the drydown. A less costly alternative to Sandalwood.

**Use: Aromatherapy/Natural Perfumery.** Delicate aroma with peppery, green and slightly woody notes valued in natural perfumery. Excellent in combating exhaustion. Photosensitizing.

**Use: Aromatherapy/Natural Perfumery.** Intensely spicy-sweet, pungent, warm, licorice-like aroma, with a balsamic-woody undertone. Arisedeed/Anise Seed (Pimpinella anisum) is an unrelated oil with different aromatherapeutic properties.

**Use: Body/Skin Care.** An elegant specialty oil used to enhance skincare formulas; this "dry" oil easily penetrates into the skin and hair without leaving a greasy residue. Incorporate into skin and body formulas or use alone.

**Use: Aromatherapy / Natural Perfumery.** Powerful, cool, highly diffusive, bittersweet-camphoraceous aroma with soft green undertones and a sweet, herbaceous and tea-like drydown. Avoid during pregnancy.

</table>

Use: Natural Perfumery. Our Clary Sage Absolute has an intense rich herbaceous, somewhat sweet & tenacious aroma. It blends well with citrus oils and numerous other perfume materials.

Use: Aromatherapy/Natural Perfumery. Powerful, deep, warm, sweet balmscent, almost boozy/diffusive aroma with leather and animalic/musky nuances reminiscent of true Labdanum - an exceptional Cistus that is perfect for Aromatherapy uses!

Use: Aromatherapy/Natural Perfumery. Deep, diffusive, musky, sweet balmscent aroma reminiscent of true Labdanum, with a dry, warm, earthy, herbaceous undertone. Great for skincare and other therapeutic blends.

Use: Aromatherapy/Natural Perfumery. Strong lemony, green, grassy aroma - this is the Ceylon type Citronella commonly used for aromatherapeutic applications for which it is well suited. Possible skin irritant.

Use: Aromatherapy/Natural Perfumery. Very diffusive, fresh, sweet-herbaceous, slightly bitter aroma with tea, soft Tobacco and leather-like undertones that becomes more predominant in the drydown, very tenacious. Avoid during pregnancy.

Use: Aromatherapy/Natural Perfumery. Strong, diffusive, sweet, musky, herbaceous aroma with floral, soft leather and tea notes in the drydown. Known for creating a state of euphoria; this is an exceptionally beautiful Clary Sage. Avoid during pregnancy.

Use: Aromatherapy/Natural Perfumery. Sweet, herbaceous and warming, the captivating aroma of Clary Sage can produce a sense of euphoria. It is a great essential oil for women's health. Avoid use during pregnancy.

Use: Aromatherapy/Natural Perfumery. Warm, sweet-spicy and eugenolic - a valuable aromatherapy aid with an intense aroma. Possible skin and mucous membrane irritant. Avoid during pregnancy.

Use: Natural Perfumery. An aroma no chocolate lover can resist, this absolute has been processed hexane-free, is food-grade, and adds a rich, sensuous scent to natural perfumes and skincare.

Use: Aromatherapy/Natural Perfumery. Powerful, deep, warm, sweet cocoa aroma in the drydown; benefits and comforts the psyche.

Use: Aromatherapy/Natural Perfumery. Warm, balsamic, very rich, in the aroma of dark unsweetened chocolate with a bitter and faint, almost spicy backnote; has fixative properties, aromatherapy benefits, & comforts the psyche.

Use: Body/Skin Care. Rich, creamy, buttery aroma typical of coconut with a mild fatty note. This light fatty oil makes a beautiful addition to products where a warm, tropical aroma is desired. Available in limited quantities.

</table>

**Use:** Aromatherapy/Natural Perfumery. Powerful, diffusive, fresh, clean, sweet, Lemony-rosaceous, herbaceous aroma with aldehydic, leafy notes. A fine oil, highly beneficial in diffusion to help deter biting insects.

**Use:** Aromatherapy/Natural Perfumery. Bright, effervescent, fresh lemon aroma; not as tart as, and softer than our cold-pressed lemon. A welcome addition to skincare with no photosensitizing effects.

**Use:** Aromatherapy/Natural Perfumery. Refreshing, grass- and lemon-like aroma with an earthy-herbal back note; the oil has a wide range of aromatherapy applications and is a popular insect repellent ingredient. May irritate skin.

**Use:** Aromatherapy/Natural Perfumery. Refreshing, grass- and lemon-like aroma with an earthy-herbal back note; the oil has a wide range of aromatherapy applications and is a popular insect repellent ingredient. May irritate skin.

**Use:** Aromatherapy/Natural Perfumery. Fresh, mouth-watering, zesty lime aroma, more tart than sweet & a bit sharper than our expeller pressed Lime oil. Excellent top note in perfumery; may be mildly photosensitizing.

**Use:** Aromatherapy/Natural Perfumery. Extremely aromatic, fruity, rich, more sweet than tart, like zest of fresh lime peel. Very fresh lime to the max! Caution - photosensitizing (more so than steam distilled lime oil).

**Use:** Aromatherapy/Natural Perfumery. Soft, zesty, slightly fruity, highly aromatic aroma; more tart than sweet and a bit sharper than our expeller pressed Lime oil. Excellent top note in perfumery; may be mildly photosensitizing.

**Use:** Natural Perfumery. Sweet, unusual with resinous amber-like undertones. Works best as a component of a blend and fixative, instead of on its own.

**Use:** Aromatherapy/Natural Perfumery. Intense, fresh, sweet-green, fruity, lemon-like aroma with light woody-floral undertones. Delightfully lifts and soothes the spirits, great for skin care, digestive, immune and nervous systems.

**Use:** Natural Perfumery. Honeied, soft, very intense floral, earthy and quite sweet, with ripe-fruit and coumarin-like undertones, a tenacious, deep richness, and a rather spicy green top note for fine perfumes, anointing blends.

**Use:** Natural Perfumery. Warm, green floral aroma with earthy, sweet, fruity/floral undertones, traces of indole and an overall deep richness; for fine perfumes and anointing blends.

**Use:** Aromatherapy/Natural Perfumery. Green, tart yet sweet citrus aroma with a beautiful neroli-like undertone. Excellent in diffuser blends and many other aromatherapeutic formulations. Caution - photosensitizing.

**Use:** Aromatherapy/Natural Perfumery. Smooth, sweet, floral-like citrus with a slightly tart undertone; our sweetest mandarin oil. Excellent in diffuser blends and many other aromatherapeutic formulations. Caution - photosensitizing.

</tbody>
</table>

**Use:** Aromatherapy/Natural Perfumery. Delicately sweet, fresh-fruity, and tangy with the aroma of freshly sliced orange peels; beneficial to the digestive system and uplifting to the spirit. Caution: photosensitizing.

**Use:** Aromatherapy/Natural Perfumery. Very fresh, vibrant, warm, with a pungent, spicy/herbaceous, mildly woody undertone. This powerful oil should be limited to short term use and only for acute conditions.

**Use:** Natural Perfumery. Softly sweet, warm and reminiscent of violet flowers with slight woody undertones. Highly prized as a fixative and base note in high-end natural perfumery. Very tenacious.

**Use:** Natural Perfumery. Woody, earthy, fatty-oily aroma with sweet Violet-like and tenacious powder-like backnotes, and a soft floral/fruity undertone. An excellent fixative that amplifies other notes in a fragrance.

**Use:** Natural Perfumery. Intensely rich, sweet, fruity-floral aroma with honeyed apricot, dried raisin and plum nuances, light spicy and soft green notes, and faint animalic/leather undertones. A rare and precious aromatic oil!

**Use:** Aromatherapy/Natural Perfumery. Smooth, floral, rosy geranium-like aroma, with delicate notes of lemon; lighter than our organic Palmarosa from Sri Lanka. Use non-toxic Palmarosa in skincare and natural perfume formulations.

**Use:** Aromatherapy/Natural Perfumery. Sweet, floral, light, rosy geranium-like aroma; deeper and warmer than Palmarosa, Nepal, with herbaceous notes. Use non-toxic Palmarosa in skincare and natural perfume formulations.

**Use:** Aromatherapy. Woody, penetrating, with slight citrus and mint undertones. Distilled in small batches from sustainably harvested wood. Used in spiritual ritual to help clear negativity & calm the mind during meditation.

**Use:** Natural Perfumery. Exceptionally smooth and full-bodied Patchouli, with the richness and depth of our Patchouli Dark. Re-distillation removes a small fraction of constituents, resulting in a very smooth, lighter aroma.

**Use:** Aromatherapy/Natural Perfumery. Our organic Patchouli is earthy-sweet, deep & rich, with subtle balsamic notes; medium depth - between our Patchouli, Dark & Patchouli, Light. Great in skincare preparations.

**Use:** Aromatherapy/Natural Perfumery. Similar to our Dark Patchouli - deep and tenacious, but with a lighter and clearer aroma. Iron-free, and distilled in stainless steel vessels. Great in skincare preparations.

**Use:** Aromatherapy/Natural Perfumery. Sharp, stimulating and spicy, the aroma of freshly ground pepper. Great for circulatory issues and to increase appetite. Caution: may cause skin irritation.

Eden Botanicals offers a select group of specialty extracts to lend extra therapeutic value to your aromatherapy, or skin and body care blends. In addition, we also carry natural preservative antioxidants, Rosemary Antioxidant and Vitamin E Oil, to blend into your products to help slow oxidation of oils and increase shelf life. Please note: although these antioxidant oils offer preserving benefits, they do not supply antimicrobial properties to water based formulas.

</tbody>
</table>
The Hydrosols we offer are specifically distilled for the Hydrosol, not as a co-product or even a by-product. The plant's cellular water and many components - normally lost under pressurized short steam runs for essential oil, or by using dried material - are what the producers specifically distill for by using only fresh plant material right from their farm or from local farms to ensure that the plant material is as fresh as possible.

ABOUT EDEN BOTANICALS ESSENTIAL OILS AND OUR CATALOG

SAMPLES: Samples (unless otherwise noted) come in clear glass vials with an applicator cap. Sample vials hold slightly more than 1 ml (about 35 drops) of essential oil.

TINY SAMPLES: 6 DROPS for liquid oils or a SMALL DAB on the applicator for thick (semi-solid) oils. Tiny Samples allow you to smell & savor these precious oils at minimal cost. Enjoy smelling the Tiny Samples and please purchase a larger size if you would like more.

ORGANIC: The oils and extracts that we list as organic are Certified Organic by international 3rd party agencies. Most of our organic oils are also NOP (National Organic Program - USDA) certified.

DILUTIONS: In-house blends of essential oil (or absolute, extract, etc.) and Fractionated Coconut Oil, which is one of the best carrier oils to use for diluting essential oils.

PURITY & GUARANTEE: All of our oils are 100% pure and natural, and many are certified organic and often come from developing countries around the globe. Eden Botanicals has devoted a great deal of time and effort to locating the highest quality oils available. We take into consideration the quality of the oil, the various uses, properties and values it holds for your needs. We import most of our essential oils, absolutes and extracts from the best distillers around the world, and continually seek out new and exciting essential oils to offer. We make every effort to offer our oils to you at fair and affordable prices, and offer them in sample sizes for you to experience and evaluate prior to purchasing larger quantities. As always, we promise our oils are 100% pure and natural, genuine and authentic - 100% satisfaction guaranteed.

DISCLAIMER: It is not the intention of Eden Botanicals nor this essential oil catalog to provide specific information on disease processes or the healing of any disease or symptom.
